## EcoShield™ by Contec Professional

Contec Professional is proud to introduce EcoShield—our symbol of sustainability. The EcoShield designation is awarded to select cleaning products that meet stringent environmental criteria, ensuring you can maintain pristine spaces without compromising the planet.

EcoShield products meet one or more of the following criteria:

- Made with Recycled Materials: Contains post-consumer or post-industrial materials, reducing landfill waste.
- Recyclable or Biodegradable: Helping to reduce landfill waste and support a more sustainable lifecycle.
- Efficient by Design, Proven by Data: Delivers superior performance with fewer resources, backed by data-driven research to confirm its sustainability impact.

Our commitment goes beyond compliance—we integrate sustainable practices into every stage of our manufacturing process, from sourcing to shipment, all backed by our Corporate Social Responsibility initiatives.

Revolutionary disposable microfiber mop with unmatched coverage and scrubbing power.

Premira® Versa™ Disposable Microfiber Mop Pads

PRMM2001

Product information

The Premira® Versa™ Disposable Microfiber Mop Pad represents the next innovation in cleaning technology from Contec Inc., the leaders in disposable microfiber solutions. Engineered for maximum performance and convenience, this mop pad is compatible with all standard flat mop hardware, making it an easy addition to your cleaning routine.

The Premira Versa Mop Pad stands out with its thick, absorbent microfiber construction, complemented by two innovative “Scrubberage” lanes. These lanes combine superior coverage with scrubbing power, enabling operators to efficiently tackle even the most stubborn built-on residues on hard surface floors. Ideal for healthcare, the Premira Versa mop is the leading single-use mop with at least 35% more coverage than all other disposables in the market.

The first disposable mop of its kind, the Premira Versa offers unmatched versatility and performance in any cleaning application.

Part No.	Description	Size	Packaging
PRMM2001	Premira Versa Disposable Microfiber Mop Pad	5" x 19" (13 x 48 cm)	20/bundle; 12 bundles/case; 240/case

Premira disposable microfiber improves the look and cleanliness of your facility while also reducing cross-contamination risks with a new pad for each use.

## Premira® Disposable Microfiber Mop Pads

Single-use microfiber mop pads for maximum cleaning and labor efficiencies

### Product information

Premira® Disposable Microfiber Mop Pads provide superior dirt and debris removal compared to reusable textiles like cotton or laundered microfiber mops. Premira® Pads protect the quality and appearance of floors.

- Proven to remove ≥99.93% of microorganisms such as bacteria, fungi, and bacterial spores, with just water\*.
- 100% synthetic, bleach-safe
- Will not neutralize quat or peroxide-based disinfectants.
- Consistently better cleaning vs. lanunderables.

\*Results are based on the removal of the testing organisms from an independent lab and include: bacteria (*Pseudomonas aeruginosa* and *Staphylococcus aureus*), fungi (*Candida albicans* and *Candida auris*), and bacterial spores (*Clostridioides difficile*).

Simply pour your favorite chemistry directly over the Premira Portables pads in the pouch – no buckets, no hassles!

## Premira® Portables™

Ready-to-Saturate Premira® Mop Pads

### Product information

Premira® Portables™ Mop Pads lets users customize their “level of clean” in a single convenient package. Each resealable pouch contains Premira® mop pads that can be used at your own pace with your own solution. Premira Portables are easy to carry from room to room or mess-to-mess, then simply stowed away until the next time.

- Resealable pouch allows mop pads to be saturated and stored between points of use.
- Saturation-on-demand helps reduce both chemical waste and bulky storage.
- Single-use design helps decrease cross-contamination risk.
- No buckets. No spills. No hassles.

Part No.	Description	Size	Packaging
PRMP0001	Premira Portables Ready-to-Saturate microfiber mop pads, dry	5" x 19" (13 x 48 cm)	10/pouch; 28 pouches/case
PRMP0002	Premira Portables Ready-to-Saturate microfiber mop pads, dry	5" x 11" (13 x 28 cm)	20/pouch; 28 pouches/case

# Premira® Tight Quarters Mops

Small but mighty disposable microfiber for smaller jobs

## Product information

Premira® Tight Quarters Mop is perfect for those hard to clean, confined areas. When used with ZeroGravity® hardware, the compact head allows for maximum maneuverability and ensures even the most awkward areas can be reached with ease.

- Ideal for inside lockers, behind toilets in restrooms, and around equipment.
- Also great for efficient cleaning of large horizontal surfaces like cafeteria tables.

Part No.	Description	Size	Packaging
PRMM0002	Premira Disposable Microfiber Mop Pads	5" x 11" (13 x 28 cm)	20/bundle; 10 bundles/case

PRMH1004	ZeroGravity QuickChange Adjustable Z-clip connector	9.75" (25 cm)	1/case

# High Dusting System

## Versatile, ergonomic high dusting tools

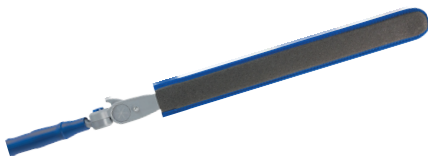

### Product information

Contec Professional's High Duster System offers a versatile solution for dusting hard-to-reach and overhead surfaces, engineered to maximize efficiency while minimizing operator strain. The system includes two ergonomic handle options: the High Duster XF, which features a flexible, finned design for detailed cleaning, and the QuickChange-compatible Standard High Duster, which integrates seamlessly with the ZeroGravity™ frame for extended reach. Both tools are compatible with Premira® The Original Microfiber High Duster Covers—disposable covers that trap dust and debris effectively without the risk of cross-contamination.

For broader dusting needs, the system can also be used with TrapMore™ dusting sheets through the use of specially designed high dusting sleeves, providing a chemical-free solution for particulate removal.

Ideal for vents, ducts, equipment surfaces, and other high-touch, hard-to-reach zones.

Part No.	Description	Size	Packaging
PRMW0112	Premira Microfiber High Duster Covers compatible with PRMH2005	14.75" x 4" (37.5 x 10 cm)	200/case
PRMW0001	Premira Microfiber High Duster Covers compatible with PRMH1001 and PRMH2001	3" x 21" (8 x 53 cm)	100/case
PRMH2005	High Duster XF, ZeroGravity QuickChange compatible includes TrapMore high dusting sleeve PRMH1010	24.25" (62 cm)	1/case
PRMH1001	ZeroGravity QuickChange Standard High Duster includes TrapMore high dusting sleeve PRMH1009	29.5" (75 cm)	1/case
PRMH2001	ZeroGravity QuickChange Standard High Duster includes GripForce hook	29.5" (75 cm)	1/case
PRMH1009	TrapMore high dusting sleeve, compatible with PRMH2001	3" x 21" (8 x 53 cm)	1/case
PRMH1010	TrapMore high dusting sleeve, compatible with PRMH2005	4" x 14.5" (10 x 37 cm)	1/case

**Standard High Duster - PRMH1001**  
Long, thin design reaches in high or narrow spaces to remove dirt and debris.

**High Duster XF - PRMH2005**  
Conforms to small spaces with innovative flexible, finned design.

# MissonMops™

Disposable string mops that absorb large value spills quickly and easily

## Product information

Contec **MissionMops™** are designed to speed up turnover time in facilities, while helping to reduce cross-contamination. Both are ideal for ORs, high irrigation cases, labor & delivery, and other high-volume spill areas. No matter which mop you choose, use Premira® Disposable Microfiber Mop Pads afterwards to disinfect, deep clean, and maintain floors.

Part No.	Description	Size	Packaging
PRMM4001	Nonwoven Disposable String Mop, brick packed	8 oz.	1/bag; 40 bags/case

# Optimally designed fluid-on-board mop

ZeroGravity® Score™ Mop

## Product information

The ZeroGravity® Score™ mop is optimized for ergonomics of proper mopping and extended coverage of your microfiber. One of the only fluid-on-demand systems with an extendable handle, the Score mop is adjustable in height to fit any user. In addition, the ZeroGravity QuickChange handle is compatible with attachments for both string mops and standard mop pads. The fluid reservoir holds up to 20 fluid ounces of your chosen solution to maintain efficiency and eliminate the mopping bucket. The ZeroGravity Score mop provides a cost-effective, ergonomically supportive, and overall efficient solution for cleaning any area.

**PRO Tip:** Use our 3-in-1 Squeegee Mop Frame for ultimate versatility in cleaning up messes big and small. See next page for more information.

Part No.	Description	Size	Packaging
PRMH8020	ZeroGravity Score mop Adjustable, with reservoir, one size	Adjustable height 20 oz. reservoir	1/case
PRMK8020	ZeroGravity Score Mop Kit, including full mopping system and 10 mop pads	Adjustable height 20 oz. reservoir	1/case

# ZeroGravity® QuickChange™ 3-in-1 Squeegee Mop Frame

## Product information

The ZeroGravity® QuickChange™ 3-in-1 Squeegee Mop Frame combines efficiency, compliance, and cleanliness in one versatile tool, streamlining routines by replacing multiple tools with a single solution. Compatible with the ZeroGravity QuickChange system, it works seamlessly with SorbMore® absorbent pads and Premira® microfiber mop pads to tackle spills, dust, and everyday cleaning. Its easy-to-disinfect design ensures quick cleanup, supports safety compliance, and promotes a cleaner, safer environment, while the high-performance Premira pads deliver superior results and a more professional appearance. Ideal for any hygiene-focused setting, the ZeroGravity QuickChange Squeegee Mop Frame offers a simple, effective way to maintain pristine spaces with less effort and greater confidence.

Part No.	Description	Size	Packaging
PRMH2007	Zerogravity QuickChange 3-in-1 Squeegee Mop Frame	15.75" (40 cm)	1/case

# ZeroGravity® Mopping Systems

Lightweight yet sturdy, designed for all surfaces

## Product information

ZeroGravity® Mop Frame and Handles are the simplest tools to use and maintain. The ZeroGravity Mop Frame features over 40,000 microhooks for premium attachment to mop pads. The frame is semi-disposable and recyclable, making maintenance a breeze. ZeroGravity Mop Handles are the lightest available, and do not sacrifice strength for ergonomics.

- Semi-disposable mop frame is replaceable in less than 10 seconds.
- Low profile frame cleans well in tight spaces and under large equipment.
- Nonferrous aluminum and plastic construction is appropriate for sensitive magnetic areas.
- Available in a variety of lengths to accommodate any user.

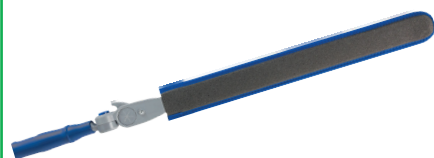

# ZeroGravity® QuickChange™ Connectors

Create a customized mop that fits your needs

## Product information

ZeroGravity® QuickChange™ hardware is a unique concept in cleaning. The incredibly lightweight handles paired with the QuickChange interchangeable heads offer a time and labor saving alternative to traditional mops. Attachments contain ferrous metals, which are not recommended for magnetically sensitive areas.

- Pay less for more cleaning tools.
- An ergonomic triple threat: lightweight, interchangeable, and easy-to-use.
- Switch from flat mopping to string mopping in less than 30 seconds.

**Standard High Duster - PRMH1001**  
Long, thin design reaches in high or narrow spaces to remove dirt and debris.

**ZeroGravity® QuickChange™  
Touchless Claw 14" - PRMH1020**  
Keep hands out off your string mop with touchless claw connector.

**ZeroGravity® QuickChange™  
Original Claw Mop Connector - PRMH1005**  
Easily attach and remove string mops from mopping hardware.

**High Duster XF - PRMH2005**  
Conforms to small spaces with innovative flexible, finned design.

**ZeroGravity® QuickChange™  
Stationary Z-Clip Connector - PRMH1003**

**ZeroGravity® QuickChange™  
Adjustable Z-Clip Connector - PRMH1004**

Lightweight aluminum mop frame  
with microhook technology.

GripForce™ Aluminum Mop Frame

Product information

The **GripForce™ Aluminum Mop Frame** is designed for efficiency, durability, and superior cleaning performance. Built with high-quality aluminum, this lightweight sturdy frame is the perfect companion to Contec's ZeroGravity Mop handles. Featuring innovative microhook technology, the mop frame securely grips mop pads while preventing large debris from getting trapped. The flat, low-profile design delivers even pressure across the mop pad, ensuring full-floor contact for optimal cleaning results. The squared 90-degree edge design allows operators to maneuver effortlessly into hard-to-reach corners and along baseboards for more effective cleaning. Available in three sizes—17.5", 22", 36", and 48".

Part No.	Description	Size	Packaging
PRMH8006	GripForce Aluminum Mop Frame	3.5" x 17.5" (9 x 44 cm)	1/case

# GripForce™ Aluminum Large Floor Mops

Large, single-use microfiber floor pads  
for large surface areas

## Product information

For quick mopping of large areas such as hallways, common areas, or gyms, Premira® in wide sizes are the perfect solution. Contec offers several mop length options for effective cleaning and dusting. Larger versions of our Premira® pads can be used wet or dry on a variety of surfaces.

Part No.	Description	Size	Packaging
PRMH8240	GripForce Dust Mop Frame	3.5" x 22" (9 x 56 cm)	1/case
PRMH8360	GripForce Dust Mop Frame	3.5" x 36" (9 x 91 cm)	1/case
PRMH8480	GripForce Dust Mop Frame	3.5" x 48" (9 x 122 cm)	1/case
PRMM0524	Premira Disposable Microfiber Mop Pads	5" x 24" (13 x 61 cm)	20/bundle; 10 bundles/case
PRMM0004	Premira Disposable Microfiber Mop Pads	5" x 39" (13 x 99 cm)	10/bundle; 16 bundles/case
PRMM0003	Premira Disposable Microfiber Mop Pads	5" x 51" (13 x 129 cm)	10/bundle; 4 bundles/case
PRMM0005	Premira Disposable Microfiber Mop Pads	5" x 51" (13 x 129 cm)	10/bundle; 16 bundles/case

## GripForce™ Aluminum Large Floor Mop Frame + Premira® Disposable Mop Pads

- Wide Coverage: Ideal for large areas, reducing cleaning time significantly.
- Compatibility: Specifically designed for use with wide Premira® Disposable Microfiber Mop Pads and ZeroGravity® Handles.
- Available in 22", 36", and 48" widths

# Clean Confidence

Control the mess. Protect your space.

Trap dust, lock in drips, and rescue spills instantly. Contec® Professional products are designed for maximum performance with minimum effort.

## TrapMore® Disposable Dusting Sheets

Perforated sheets with less adhesive transfer

### Product information

TrapMore® Disposable Dusting Sheets offer better dust pick up in convenient perforated rolls for customizable lengths. Available in large and small box putups, these disposable dusting sheets are convenient for everyday use on a cart or in a storage closet. TrapMore traps more dirt and leaves less residue behind than competitors. It can be used with nearly any dusting tool, such as a ZeroGravity® mop or High Duster XF. When used with Contec dusters, be sure to attach with the new TrapMore Dusting Sleeves.

Part No.	Description	Size	Packaging
PRMM9001	TrapMore disposable dusting sheets	5" x 6" (13 x 15 cm)	250/roll; 2 rolls/case
PRMM9002	TrapMore disposable dusting sheets	8" x 6" (20 x 15 cm)	250/roll; 1 roll/case
PRMM9003	TrapMore disposable dusting sheets	5" x 6" (13 x 15 cm)	60/dispenser; 8 dispensers/case

PRMH1009	TrapMore high dusting sleeve, compatible with standard high duster (PRMH2001)	3" x 21" (8 x 53 cm)	1/case
PRMH1010	TrapMore high dusting sleeve, compatible with standard high duster (PRMH2005)	4" x 14.5" (10 x 37 cm)	1/case

## SorbMore® Absorbent Pads

### Super absorbent spill pickup pads

#### Product information

SorbMore® Absorbent Pads can be used as a spill pad or a grossing mop. When placed on a spill, they will absorb up to 20 ounces in 45 seconds. When attached to a ZeroGravity® handle, spills can be worked-up efficiently and easily. After use, the SorbMore® pad's impermeable backing can be used to detach the pad from the mop and thrown away, keeping all contaminants locked inside.

Part No.	Description	Size	Packaging
SORB0001	SorbMore Absorbent Pads	7" x 20" (17 x 51 cm)	20/bundle, 6 bundles/case

## SorbMore® DripLock™

### Advanced Absorbent Pad for Leak and Spill Management

#### Product information

Superior Absorption for Cleaner, Safer Facilities

SorbMore® DripLock™ is an innovative absorbent pad designed to help building service contractors manage leaks, spills, and water-related maintenance challenges with ease. Whether absorbing leaks from commercial trash can liners, containing appliance leakage, or managing large-scale water spills, SorbMore DripLock provides a reliable, mess-free solution.

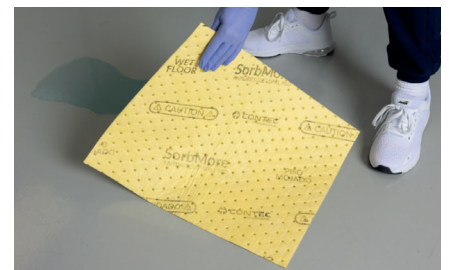

Part No.	Description	Size	Packaging
SORB0002	SorbMore DripLock Absorbent Pads	17" x 17" (43 x 43 cm)	20/bundle, 6 bundles/case

## SorbMore® RapidRescue™ Absorbent Pads

### Fast-acting absorbent pad designed to quickly contain and signal spills

#### Product information

The SorbMore® RapidRescue™ absorbent pad from Contec Professional is an innovative solution for managing liquid spills efficiently and safely. Designed with high absorbency in mind, these 16" x 20" pads quickly soak up water- and oil-based liquids, reducing slip hazards and streamlining cleanup operations. The bright yellow surface features a universal caution symbol along with a clear "Caution Wet Floor" message in both English and Spanish, immediately alerting staff and guests to potential danger.

Part No.	Description	Size	Packaging
SORB0016	SorbMore RapidRescue Absorbent Pads	16" x 20" (41 x 51 cm)	25/bag, 4 bags/case

# Power up your clean!

Because clean is part of the workout.

Athletix wipes and solutions make it easy to maintain hygiene standards, boost member confidence, and keep your facility thriving.

## Athletix™ Equipment Cleaner Wipes

Non-damaging, alcohol-free cleaner wipe for exercise machines

### Product information

Athletix™ Equipment Cleaner Wipes are non-alcohol presaturated wipes. Tested by equipment manufacturers, health clubs, and wellness facilities, Athletix Equipment Cleaner Wipes are proven to be easy to use, effective and safe for vinyl, leather, chrome, foam grips, rubber, painted surfaces, metal, and electronic displays – all surfaces commonly encountered when cleaning gym equipment. They also neutralize odors that tend to build up on soft surfaces around gyms, health clubs, and wellness facilities.

### Bucket Dispenser - XWEW0005

- Reusable bucket holds one roll of wipes
- Made of high-density polyethylene
- Includes handle and lid

### Wire Floor Stand - XWIPRACK

- Freestanding wire stand for wall-mounted dispenser 9433
- Weight: 5 lbs.; footprint: 13" x 13"; height: 40"
- Use with acrylic sign holder 9440

# Premium Cleaning Solutions for LVT and All Hard Surface Flooring

## Microfiber Autoscrubber Pads

### Product information

Contec® Professional **Autoscrubber Pads** deliver a superior clean across a wide range of hard surface floors including LVT, VCT, rubber, terrazzo, and poured flooring. Made with advanced **Premira®** microfiber, these disposable pads capture dirt and debris without scratching or dulling surfaces, ensuring a streak-free finish that preserves the original floor sheen. For tougher environments with heavier soil loads, the **Durham™ Autoscrubber Pad** adds non-abrasive scrub strips that provide extra cleaning power without damaging delicate surfaces.

Designed for single-shift use, these pads eliminate the need for laundering, saving time and storage space while reducing cross-contamination risks. The patented connector pads ensure a secure fit to the autoscrubber driver while allowing for quick, easy pad changes, keeping workflows efficient.

Compatible with most autoscrubber machines on the market, Contec's pads offer reliable, consistent performance for a wide range of applications—from healthcare and food service to building maintenance and convenience retail. With options to meet both standard and heavy-duty cleaning needs, Contec Professional Autoscrubber Pads deliver the versatility, convenience, and quality today's facilities require.

In order from top left to bottom right: LVT, Marble, Terazzo, Poured Floors, VCT, Linoleum, Urethane Coated

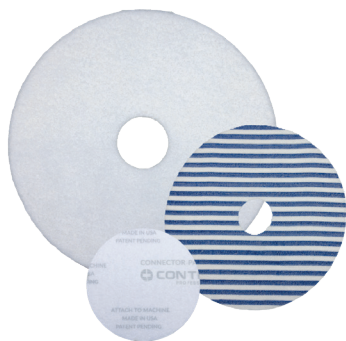

"Since switching to contact microfiber pads, we've seen remarkable improvements across the board. Unlike traditional abrasive pads, these maintain a high level of cleanliness without damaging our floors—and they've even reduced how often we need to clean. The results speak for themselves: our floors have never looked better."

Jim Toth III, Nu-Tech Floors

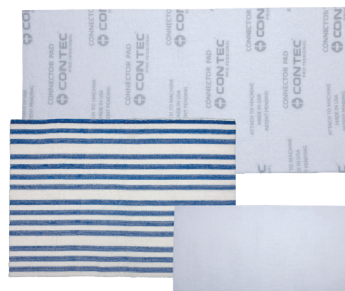

All **Autoscrubber Pad** sizes are available in both Premira The Original Microfiber and Durham scrub-strip versions. Connector pads available for each size.

# Introducing: “Premira® ScrubTex™: The Disposable Microfiber Wipe That Scrubs, Traps, and Protects”

## Premira® ScrubTex™ Microfiber Wipe

### Product information

Premira® ScrubTex™ Microfiber Wipe is the ultimate triple-threat solution for contamination control — combining the cleaning power of microfiber, the muscle of scrubbing strips, and the convenience of a disposable format. Designed for critical environments where cleanliness is non-negotiable, ScrubTex delivers a high-performance clean in a single, easy-to-use wipe.

This innovative wipe features alternating microfiber and scrubbing zones that work together to break down grime, trap contaminants, and leave behind a smooth, consistent layer of your chosen disinfectant. Safe on surfaces but tough on soils, ScrubTex is compatible with common disinfectants — including quats — and won’t degrade their efficacy.

ScrubTex simplifies your SOPs, supports infection prevention, and gets the job done right — fast.

PRMW3010	Premira ScrubTex Microfiber Wipe Quarter folded, stacked	12" x 13" (30 x 33 cm)	25/bundle; 20 bundles/case

# ContecClean® Cloths

Renowned performance wipe, now available in blue for broader chemical compatibility

## Product information

ContecClean® Cloths are the best-selling, best-value wipes provided by Contec Professional! Available to purchase in a variety of configurations, Contec Professional has the style you prefer, whether it be half folded rolls or individual quarter folds. ContecClean Cloths are best known for their durable strength and soft texture, making it easy to ditch your laundered rags.

ContecClean® Cloth BLUE is the latest offering from Contec Professional: designed specifically for use with low-surfactant chemistries. ContecClean Cloth BLUE combines the same durable strength of the original ContecClean Cloth with faster absorption of cleaning solutions like hydrogen peroxide and peracetic acid.

- 100% synthetic and will not quat bind.
- Large absorption capacity and smooth release of disinfectant onto surfaces.
- Multipurpose capability in a value-sensitive wipe.

Part No.	Description	Size	Packaging
PRMW1213	ContecClean Cloth Quarter folded, stacked	12" x 13" (30 x 33 cm)	25/bundle; 20 bundles/case

Can a wipe tell you if your  
disinfectant is properly mixed?  
Ours can!

## Unifore® Surface Wipes

### Polypropylene single-use wipes

#### Product information

Unifore® Surface Wipes are ready-to-saturate, disposable cleaning wipes featuring a durable polypropylene construction. They effectively remove dirt while also delivering a consistent, uniform amount of chemistry to the surface being cleaned. Made in the USA, Unifore Surface Wipes provide dependable performance while being an economical alternative to other disposable wipes or launderable rags.

- Sturdy, low-linting wipe ideal for general use
- Single-use design helps reduce cross contamination
- Refillable dispensing bucket offers easy way to saturate on demand

Part No.	Description	Size	Packaging
PRMW1480	Unifore Surface Wipes Quarter folded, with refillable bucket	12" x 13" (30 x 33 cm)	80/bundle; 14 bundles/case; 1 bucket/case

# Advance defense

Where efficacy meets responsibility.

Contec Professional disinfectants combine efficacy and safety—trusted for use in critical environments where clean counts most.

## Contec® Citric Acid Disinfectant

Low odor, botanical disinfectant

### Product information

Contec® Citric Acid Disinfectant is a low-odor botanical formula. Gentle enough for people with chemical sensitivities and strong enough to be effective against difficult-to-kill, non-enveloped viruses\* such as Norovirus, Poliovirus, Rotavirus, Adenovirus Type 2, and Canine Parvovirus. This List N product meets the EPA's criteria for use against SARS-CoV-2\*\*, the virus that causes COVID-19. EPA Registration Number: 34810-35.

*\*Follow product label instructions for disinfection.*

*\*\*Contec Citric Acid Disinfectant has demonstrated effectiveness against viruses similar to 2019 novel coronavirus-Wuhan (also 2019-nCoV) on hard, non-porous surfaces. Therefore, Contec Citric Acid Disinfectant can be used against 2019 novel coronavirus-Wuhan (also 2019-nCoV) when used in accordance with the directions for use against Feline Calicivirus (surrogate for Norovirus) on hard, porous/non-porous surfaces. Refer to the <https://www.cdc.gov/coronavirus/2019-ncov/index.html> website for additional information.*

# Sporicidin® Disinfectant Solution

EPA-registered bactericide, fungicide, virucide, and tuberculocide

## Product information

Sporicidin® Disinfectants not only kill disease-causing microbes, they also continue to keep odor-causing bacteria away for as long as six months, if not removed from the surface. When it comes to safety, Sporicidin® disinfectants have EPA toxicity ratings of Category IV – Very Low acute oral, acute dermal, acute inhalation, and skin irritation. Category IV – Very Low Toxicity is the lowest toxicity rating given to antimicrobials. This List N product meets the EPA's criteria for use against SARS-CoV-2\*, the virus that causes COVID-19. EPA Registration Number: 8383-3.

*\* Sporicidin Disinfectant Solution has demonstrated effectiveness against viruses similar to 2019 novel coronavirus-Wuhan (also 2019-nCoV) on hard, nonporous surfaces. Therefore, Sporicidin Disinfectant Solution can be used against 2019 novel coronavirus-Wuhan (also 2019-nCoV) when used in accordance with the directions for use against Human coronavirus on hard, non-porous surfaces. Refer to CDC website at <https://www.cdc.gov/coronavirus/2019-ncov/index.html> for additional information.*

- EPA-registered bactericide, fungicide, virucide (both enveloped and non-enveloped viruses), and tuberculocide.
- Disinfects, cleans, and deodorizes.
- Provides protection against odor-causing organisms and fungi.
- 1 gallon bottle and 1 quart spray bottles.

## Mold & Water Damage Remediation

In the wake of a hurricane, water damage and mold growth can quickly turn into a major challenge. At Contec Professional, we understand the urgency and complexity of post-hurricane restoration. Our range of industry-leading products is designed to help restoration professionals tackle flooding, water damage, and mold remediation efficiently and effectively.

One featured solution is the Premira® Mop Remediation Starter Kit (page 33). This kit is specially designed for remediation projects, providing professionals with the tools they need to address contaminated surfaces safely and effectively.

# Everyday problem solvers.

The tools that keep work moving.

From floors to fixtures, Contec Professional delivers reliable solutions that support everyday cleanliness and efficiency.

## Floor Squeegee and Dustpan

### Product information

The **Floor Squeegee** and **Dustpan** are ideal for operating rooms, trauma centers, food manufacturing, and other areas where large debris needs to be removed before cleaning and disinfecting can begin.

- Dustpan designed for a trash bag to be attached directly to it, making cleaning more efficient.
- Lightweight aluminum handle and sturdy components.
- Squeegee and dustpan can be used together or separately as needed.

Part No.	Description	Size	Packaging
PRMH2007	ZeroGravity QuickChange Multi-Purpose Frame	5" x 15.75" (13 x 40 cm)	1/case
PRMH2009	Premira Disposable Microfiber Mop Pads	5" x 17" (13 x 43 cm)	20/bundle; 12 bundles/case

PRMH2002	Floor Squeegee and Dustpan	-	1/case

# Trashformer™ Storage System

## Rolling trash cans into efficient cleaning carts

### Product information

Contec® Trashformers™ are designed to improve cleanliness and efficiency. They make it easy to bring best-in-class disposable mop pads and hardware anywhere that clean counts most.

The Tool Caddy component can hold up to three handles or tools of various sizes including mops, high dusters, brooms, dust pans, squeegees, and more. The Toolflex® holders are replaceable, and the durable wire frame of the Tool Caddy doesn't interfere with changing out the can liner.

The Apron and Pocket are both constructed of durable, chemical resistant material. The Apron offers a variety of pockets, including one that is sized for a wipes canister and one that is sized for Premira® mop pads. The stand-alone Pocket holds up to 20 Premira mops pads and it straps on and off easily to use anywhere, such as on can or cart handle — or even a belt loop!

Part No.	Description	Size	Packaging
PRMH5001	Trashformer Pocket for Premira Mop Pads	Fits 20 mop pads	1/case
PRMH5002	Trashformer Apron	3 small, 3 medium, 1 small wide, 1 long narrow, 1 mop pocket	1/case
PRMH5003	Trashformer Tool Caddy with 3 Toolflex holders	fits 32, 40, 44 gallon trash cans	1/case
TF2-5	Toolflex One one-size-fits-all replacement tool holders, blue	-	2/pack

# Toilet Wand

## Sustainability meets functionality

### Product information

Contec® Toilet Wand can be used and thrown away after every use to reduce cross-contamination while still containing materials that will decompose in the landfill at a much more efficient rate than plastics. This product provides a biodegradable option for cleaning toilets in facilities that are focused on sustainability and green cleaning initiatives. The bamboo handle along with the coconut fiber scrubbing head is capable of decomposing and breaking down in the landfill in 10 years or less compared to its plastic counterpart that can last up to 1,000 years in similar settings. The coconut fiber head will allow for proper scrubbing and cleaning for the mechanical removal of debris that is contained inside the toilet.

Part No.	Description	Size	Packaging
PRMS0016	Contec Professional Toilet Wand, Bamboo handle	14" (36 cm)	20/bag; 4 bags/case

## Toolflex One™

### Versatile, Hygienic, Color-coded Cleaning Tool Holder

#### Product information

**Toolflex One™** is the ultimate, most versatile, wall-mounted tool holder system to effectively organize, efficiently store, and quickly access a wide variety of tools of different sizes, shapes, and contours. This system features an ultra-hygienic design and 8 distinct color options to simplify operations, enhance food safety, and achieve storage and organizational goals.

- **One-Size-Fits-All Holders** – Fits all cleaning tool sizes 0.5" to 1.375" including sweeps, brooms, squeegees, deck brushes, mops, and other accessories.
- **NSF-Certified, Hygienic Food Safe Design** – The only known NSF Certified cleaning tool holder in the market. Uses FDA compliant food-contact material, the system can be cleaned-in-place or removed for cleaning in a dishwasher or autoclave machine.
- **Click 'N Go Holders** – Holders are easy to mount and can be quickly removed or adjusted to optimize storage in tight spaces.
- **One-Hand Motion** – Single hand tool insertion or removal helps increase worker efficiency.
- **Expandable** – Expand system by adding 2-pack holders, hooks or seamlessly connect 2 or more rail systems.
- **Easy Install** – Mounting template inside box and QR code with link to video. Plus, user decides hole spacing.
- **Compatible with the ZeroGravity™ Mopping System.**

Part No.	Description	Size	Packaging
