

ContecClean® Cloth BLUE

High-performance wipes for use with low-surfactant solutions

ContecClean® Cloth BLUE is a true microfiber wipe—engineered from 100% synthetic fibers to deliver high-performance cleaning in critical environments. It is part of the bestselling ContecClean® Cloth line and designed specifically for use with low-surfactant chemistries. ContecClean Cloth BLUE continues to provide the same durable strength and soft texture of the original ContecClean Cloth, making it easy to ditch your laundered rags. ContecClean Cloth BLUE can be used with common cleaners and disinfectants, providing a more consistent application of cleaning chemicals and reduction in overall cleaning time. Let Contec Professional help make cleaning your facility more convenient, more compliant, and more clean with ContecClean Cloth BLUE.

Cleaning Customized

By being a Contec customer, you will have access to your wipes manufacturer right here in the United States. This means you can rest assured that your product won't have to travel far to get to your facility. Additionally, our dedicated sales team will partner with you as we work together to develop solutions for your cleaning
